

INTEGRATED HOLIDAY HOMEWORK

GRADE IV

SESSION 2026-2027

Reconnect with your Inner Self

Dear Parents,

Jai Hind!

At Mayor World School, we believe that education is a blend of academics, values, and innovation.

The holiday homework has been thoughtfully designed to unleash children's creativity and keep them meaningfully engaged in the spirit of learning. Moreover, the summer guidelines are simple yet meaningful steps to nurture empathy and responsibility. By encouraging each child to pursue an artistic activity of choice, we aim to foster joy in self-expression, reflection, and sharing.

With your support, these practices will help our students grow into compassionate, responsible, and imaginative individuals.

Summer Guidelines

- ✓ Keep Water Containers.
- ✓ Place clean water container outside your homes to help stray animals and birds stay cool and hydrated during the hot weather.
- ✓ Stay hydrated.
- ✓ Drink plenty of water throughout the day. Carry a water bottle whenever you go out.

Extend empathy

- ✓ Be kind to people, animals, and the environment. Small acts of care - like feeding birds or helping neighbours - make a big difference.
- ✓ Avoid wastage
- ✓ Use resources wisely. Do not waste food, water or electricity.
- ✓ Protect yourself.
- ✓ Wear light cotton clothes, use sunscreen, and avoid going out in the scorching midday sun.

Mandatory Activity

Awaken your Inner Artist

During the summer holidays, each student is expected to engage in one creative activity of their choice - such as painting, music, singing, dance, craftwork, or any other area that interests them.

Paste a picture of yourself doing the activity chosen in your English notebook. Bring your creative work to the School to show to your Grade In charge after the vacation (if singing and dancing chosen then record and bring in a pen drive).

Warm regards,

Mayor World School

My Own Planet

“You are a young space explorer chosen by NASA to create a brand-new planet for future living! Design your own unique planet and give it a unique and catchy name.

Your planet must include:

EVS (ENVIRONMENTAL STUDIES)

Imagine you are a space explorer! Create your own planet and answer these simple questions in full sentences.

1. What is the name of your planet?
2. What does your planet look like?
3. Is your planet hot, cold, rainy, or snowy?
4. What kind of landforms are there on your planet?
(Mountains, rivers, forests, volcanoes, lakes, etc.)
5. What plants grow on your planet?
6. What animals or birds live there?
7. Where do people get water from on your planet?
8. What food do people eat there?
9. How will people keep the planet clean and green?
10. Draw and colour your planet beautifully

MATHEMATICS

Distance of your planet from Earth

Number of moons

Temperature range of the planet of summers and winters

Population of creatures living there.

Do the attached practice worksheet in your worksheet booklet notebook. Ensure that the work is neat and all questions are attempted in serial order.

ENGLISH

1. Imagine yourself living on a fascinating new planet. Your new planet is perfectly clean and green. Write a creative paragraph describing your planet. Include three things that can be copied from your planet to keep Earth healthy. (100 -120 words)
2. Design a catchy and memorable slogan that represents the spirit of your planet.
3. List five vivid adjectives (describing words) that beautifully describe your planet.

HINDI

अपने ग्रह के बारे में 80 से 100 शब्दों में अनुच्छेद लिखिए और अनुच्छेद में आए हुए संज्ञा व सर्वनाम शब्द ढूँढ़कर लिखिए।

PUNJABI

"ਮੇਰੀ ਧਰਤੀ ਡਾਇਰੀ"

ਛੁੱਟੀਆਂ ਦੇ 15 ਦਿਨ ਹਰ ਰੋਜ਼ ਇੱਕ ਕੰਮ ਕਰੋ ਜੋ ਧਰਤੀ ਲਈ ਚੰਗਾ ਹੋਵੇ ।

ਉਦਾਹਰਣ-ਬਿਜਲੀ ਬੰਦ ਕਰਨੀ, ਕਾਗਜ਼ ਦਾ ਲਿਫ਼ਾਫ਼ਾ ਵਰਤਣਾ, ਕਾਗਜ਼ ਦੇਵੇਂ ਪਾਸੇ ਵਰਤਣਾ ।

ਰੋਜ਼ ਦੇ ਲਾਈਨਾਂ ਪੰਜਾਬੀ ਵਿੱਚ ਲਿਖੋ -ਅੱਜ ਮੈਂ ਧਰਤੀ ਲਈ ਕੀ ਕੀਤਾ।

- **Holidays Homework has to be done on A4 sheets in a presentable way and will be submitted in the file folder.**
- **The holiday homework is to be submitted by 8th July, 2026.**

Practice Worksheet MATHEMATICS

Q1. Multiple Choice Questions

1. What is the result of $48,765 + 19,875$?
(a) 68,630 (b) 68,640 (c) 67,640 (d) 69,640
2. Find the difference: $90,000 - 48,999$
(a) 41,001 (b) 41,101 (c) 42,001 (d) 40,001

3. Which expression gives the greatest answer?
(a) $6,500 + 2,999$ (b) $9,200 - 1,450$ (c) $3,450 \times 2$ (d) $7,890 + 500$
4. A shopkeeper sold 245 boxes with 12 chocolates in each. Total estimated chocolates sold are:
(a) 2,500 (b) 2,940 (c) 3,040 (d) 2,450
5. Choose the correct Roman numeral for 44 .
(a) XLVIII (b) XXXXVIII (c) LVIII (d) XLIV

Q2. Fill in the Blanks

- 10 lakh = ____ million
- The product of $325 \times 200 =$ _____
- The Roman numeral for 69 is _____.
- $7,500 + 4,500 + 500 =$ _____ + 2000 + 6500
- The successor of greatest 7- digit even number is _____

Q3. Correct the Error

- $45,600 + 12,450 = 57,150$
- $900 \times 40 = 3,600$
- There are 6 zeroes in 1 crore .
- $XXC = 80$
- The predecessor of 10,000 is 9,000

Very Short Answer Questions

- Write the expanded form of 5,08,406.
- Find the sum of place values of 7 in 4,75,271.
- What is 1 less than 50,000?
- Multiply 145×6 .
- Find the sum of 34,567 and 12,456.
- Subtract 8,765 from 20,000.
- Write the standard form of: $60,000 + 8,000 + 400 + 9$.

Short Answer Questions

- A library bought 245 books in January and 368 books in February. How many books were bought altogether?
- Find the difference between the greatest 5-digit number and the smallest 4-digit number.

13. A factory packed 125 boxes with 24 toys in each box. How many toys were packed?
14. a. Arrange in ascending order: 5,67,890; 5,76,809; 5,68,709; 5,67,980.
b. Arrange in descending order: 8,45,320; 8,54,203; 8,35,402; 8,53,240.
15. Find the missing addend: _____ + 45,678 = 90,000.
16. Multiply 408×35 .
17. Mark period and write the number name of 3450078 in Indian and International number system.

Long Answer Questions

18. A school collected ₹45,875 for charity from students and ₹28,950 from teachers. Later, they spent ₹32,450 on relief materials. How much money was left?
19. A warehouse had 95,000 bags of rice. 38,750 bags were sold in one month and 24,680 bags in the next month. How many bags are left?
20. Find the product of 468×125
21. A company manufactured 2,350 chairs in one month and 3,475 chairs in another month. If each chair costs ₹1500, find the total value of all chairs manufactured.
22. A farmer harvested 12,450 mangoes from one farm and 18,760 from another. He packed them equally into 10 boxes. How many mangoes were packed in total before packing?
23. The population of a village was 48,750. After one year, 12,680 more people shifted there. Later, 5,450 people moved away. Find the new population.
24. A shopkeeper bought 245 packets of biscuits with 48 biscuits in each packet. He sold 7,500 biscuits. How many biscuits are left?

Case Study Based Question

25. A supermarket sold 1,250 notebooks on Monday, 1,475 notebooks on Tuesday, and 1,680 notebooks on Wednesday. Each notebook costs ₹25.

Answer the following questions:

- How many notebooks were sold in all?
- How many more notebooks were sold on Wednesday than Monday?
- Find the total amount collected from notebook sales.

French Holiday Homework

Grade 4

Q1. Reliez les mots français à leur sens en anglais.

(Match the French words to their English meanings.)
