Dear Parents,

Jai Hind!

We want our parents, especially mothers who often carry the daily responsibility of planning and packing their child's tiffin, to begin each morning with a worry free and relaxed mind. No daily meal planning. No early morning pressure. No concern about whether the food will remain fresh or whether the child will eat it. The Mayor World School Meal Facility provides children with nutritious, balanced and enjoyable meals during School hours, while offering parents convenience and complete peace of mind.

Backed by 21 years of experience, our meals are thoughtfully planned for growing children.

Quality, Nutrition and Hygiene

- Menu designed in consultation with a qualified dietitian
- Wholesome meals accompanied by seasonal fruit
- Organic and carefully selected quality ingredients and spices
- Lightly cooked food with minimal oil
- Varied menu featuring different cuisines
- Excellent quality and taste that children genuinely love
- **FSSAI registered facility following prescribed food safety standards**
- Regular health checks of food handling staff
- Proper kitchen sanitation and hygienic food preparation
- Food checked and tasted before being served
- Supervised dining for students

The same food served to the children is also eaten by members of our staff and management. This reflects our confidence in its quality, hygiene and taste.

Children Eat Better Together

Children often avoid food or hesitate to try unfamiliar dishes at home. At School, when they sit with their friends and see one another eating, they are naturally encouraged to eat properly and try different foods. Supervised group dining also develops independence, good table manners, patience, cleanliness, respect for food and the habit of avoiding wastage.

Convenience and Reassurance for Parents

Most importantly, our children genuinely enjoy the food. Parents who have tasted the meals have also greatly appreciated their quality and taste. You may speak to any parent whose child already uses the facility.

Come and Taste It Yourself

Parents are warmly invited to visit the School and taste the food served to our students. A visit may be arranged through the School Office with prior intimation. We take pride in our meals and encourage you to experience their quality, hygiene and taste personally before enrolling your ward.

At Mayor World School, the health, happiness and holistic development of every child remain our foremost priority.

Warm regards
