

**OUTLINE OF CONCEPTS FOR KGII FOR THE MONTH OF  
JULY, AUGUST AND SEPTEMBER 2026**

**THEME : COLOURS**  
**MONTH – JULY**

**Theme Learning: About colours/Discover the Colours**

- Primary colours
- Secondary colours
- Tertiary colours
- Rainbow colours

**Learning Outcomes**

- Identify, name and recognise a variety of colours
- Differentiate between primary and secondary colours
- Read and recognise spellings of colours confidently

**ENGLISH**

- Recapitulation of Sight Words
- Introduction to new Sight Words
- CVC words ( e family)
- Dictation
- Cursive Font Aa, Bb, Cc, Dd
- Sentence Building (a family words)
- Singular Plural words
- Opposites words

**Learning Outcomes**

- Recognise and recall sounds with phonics
- Read simple CVC words confidently
- Identify common Sight Words

- Write and trace cursive letters correctly
- Identify and use opposites correctly
- Build meaningful sentences using CVC words and sight words
- Differentiate between singular and plural words

### **MATHEMATICS**

- Counting 150 – 200
- Number Names – Fourteen, Fifteen, Sixteen
- Reverse Counting 20 – 1
- Concepts of Greater and Smaller Number
- Dodging (1-100)

#### **Learning Outcomes**

- Count and sequence numbers accurately
- Recognise, read and write numbers correctly
- Identify and write number names accurately
- Compare numbers using appropriate mathematical concepts
- Write and speak counting accurately

### **ENVIRONMENTAL SCIENCE**

- Colour mixing
- Rainbow formation
- Light and dark shades of colours
- Natural colours in flowers, fruits and leaves
- Rainbow colours in notebook

#### **Learning Outcomes**

- Understand that two colours can mix to form a new colour
- Observe and explain simple rainbow formation
- Differentiate between dark and light shades of colours
- Build awareness of the beauty and variety of colours in the environment

## HINDI

- दोहराई (क – च)
- व्यंजन (छ - ज)
- दो वर्णों के जोड़ से बने शब्द
- देखो और लिखो
- पाठ्य पुस्तक के संबंधित पृष्ठ
- श्रुतलेख

### **Learning Outcomes**

- Recognise Hindi letters and sounds
- Build basic vocabulary
- Improve listening and speaking skills

## ART & CRAFT

- Drawing of rainbow in Art file
- Hand print and thumb painting
- Colour collage making

### **Learning Outcomes**

- Enhance creativity and fine motor skill
- Develop sensory awareness and imagination

## **LIFE SKILLS AND ACTIVITIES**

- World Emoji Day
- Red Day (Primary and secondary colours)
- Yellow Day (Mandala Art)
- Blue Day (Art with shape and patterns)
- Orange Day (Making of rainbow fish)
- Green Day (Scintillating Science “VIBGYOR”)
- Story telling Rainbow Fish
- Marble Painting
- Picture talk “Little Picture Big ideas”
- Friendship Day Activity

# **THEME: OUR INCREDIBLE INDIA**

## **MONTH – AUGUST**

### **Theme Learning**

- Different denomination of Indian Currency (Coin and Currency Notes)
- Concept of Adding Money
- Symbol of Indian Rupee
- Year of Independence
- Number of States and Union Territories
- National Capital and State Capitals
- Discussion on Indian Defence Forces (Army, Air force and Navy)

### **Learning Outcomes**

- Identify different denominations of Indian coins and currency notes
- Recognise and understand the symbol of Indian rupee
- Learn and recall year of independence
- identify the number of states union territories in India
- develop awareness about Indian Defence Forces (Army, Air force and Navy)

### **ENGLISH**

- CVC words (i family words)
- Cursive Font Ee, Ff, Gg, Hh
- Usage of is, am, are
- Recapitulation of Sight Words
- Sentence Building ( e family)
- Spell Bee (Pronunciation and Reading)
- Picture Composition ( oral)
- Dictation of a and e family words

## **Learning Outcomes**

- Recognise and recall sounds with phonics
- Blend and read simple CVC words confidently
- Identify common Sight Words
- Write and trace cursive letters correctly
- Use of is, am, are correctly in simple sentences
- Improve vocabulary through word bank
- Develop reading fluency and comprehension skills

## **MATHEMATICS**

- Recapitulation of After and Before
- Recapitulation of comparing numbers
- Number Names – Seventeen, Eighteen
- Recapitulation of Number Names (One – Sixteen)
- Reverse Counting (30 – 1)
- Introduction to Ascending Order

## **Learning Outcomes**

- Count and sequence numbers accurately
- Recognise, read and write numbers correctly
- Identify and write number names accurately
- Compare numbers using appropriate mathematical concepts
- Perform reverse counting accurately
- Arrange numbers in ascending order correctly
- Understand the concept of addition and solve simple single digit addition sums correctly

## **ENVIRONMENTAL SCIENCE**

- Little Explorers – Knowing our Country
- National Symbols
- National Festivals
- Unity in Diversity

- Costumes of India
- Languages of India
- Related pages from workbook

### **Learning Outcomes**

- Identify the national symbols of India.
- Name the national festivals celebrated in India.
- Understand the meaning of unity in diversity.
- Recognize different traditional costumes of India.
- Identify various languages spoken in India.
- Develop respect for the culture and traditions of the country.
- Appreciate the diversity and heritage of India.

### **HINDI**

- व्यंजन (ट - ण)
- दो वर्णों के जोड़ से बने शब्द
- दो वर्णों के जोड़ से बने वाक्य
- पाठ्य पुस्तक के संबंधित पृष्ठ
- भारत के राष्ट्रीय प्रतीक चिन्हों का मौखिक अभ्यास
- राष्ट्रगान
- कविता उच्चारण (झंडा ऊँचा रहे हमारा)
- श्रुतलेख

### **Learning Outcomes**

- Recognise Hindi letters and sounds
- Build basic vocabulary
- Improve listening and speaking skills

### **ART & CRAFT**

- Drawing of National Flag
- National Symbols (Drawing and Craft work)

## **Learning Outcomes**

- Enhance creativity and fine motor skill
- Develop sensory awareness and imagination

## **CELEBRATIONS**

- Independence day
- Rakshabandhan

## **LIFE SKILLS AND ACTIVITIES**

- Mera Bharat Mahaan (Going through pages of History )
- Tri - Colour Activity
- Independence Day Assembly
- National symbols activity
- Monuments of India Activity
- National Leaders Activity
- Spice Heritage Scintillating Science
- Our National Currency
- Rakhi Craft in Art file
- Picture Talk
- Spell Bee

# **THEME : OUR INCREDIBLE BODY**

## **MONTH - SEPTEMBER**

### **Theme Learning**

- Number of teeth: Childhood/Adulthood
- Number of sense organs and their function
- Number of organs in pairs
- Counting month on knuckles
- Anthropometry (measuring height and weight)
- Volume of blood in our body
- Reading temperature on thermometer

### **Learning Outcomes**

- Identify the number of teeth in childhood and adulthood.
- Name the five sense organs and describe their functions.
- Recognize organs that are present in pairs in the human body.
- Count and identify the months of the year using knuckles.
- Understand the approximate volume and importance of blood in the body.
- Read and understand temperature on a thermometer.
- Develop awareness about personal health and body care.

### **ENGLISH**

- CVC words (o family )
- Cursive Font – li, Jj, Kk, Ll
- Picture composition and Reading Comprehension (oral)
- Introduction to vowels (a, e,i, o, u)
- Jumble words
- Sentence building
- Action words (ing family words)
- Spell Bee (Pronunciation and Reading)

## **Learning Outcomes**

- Recognise and recall phonetic sounds
- Blend and read simple CVC words confidently
- Write and trace cursive letters correctly
- Improve vocabulary through word bank
- Develop reading fluency and comprehension skills
- Identify and use vowels (a, e, i, o, u) in words.
- Arrange jumbled letters to form meaningful words.
- Identify and use action words in daily communication.

## **MATHEMATICS**

- Number Names – Nineteen, Twenty
- Introduction to Descending order
- Recapitulation of Greater and Smaller Number In Between
- Recapitulation of After, Before and In Between
- Dodging

## **Learning Outcomes**

- Identify and write number names accurately
- Compare numbers using appropriate mathematical concepts
- Perform reverse counting accurately
- Arrange numbers in descending order correctly
- Understand the concept of addition and solve double digit addition sums correctly

## **ENVIRONMENTAL SCIENCE**

- Our Body Parts
- Sense Organs and its function
- Related pages from workbook
- Oral Discussion on :
- Dental Hygiene
- Basic health and hygiene

- Healthy food habits
- Hand washing
- Internal Organs :
- Organs involved in digestion
- Organs involved in respiration
- Organ involved in circulation
- Brain- the master of our body
- Skeleton – frame work of our body
- Questionnaire

### Learning Outcomes

- Identify the sense organs and explain their functions.
- Understand the importance of dental hygiene and healthy habits.
- Practice basic health and hygiene routines in daily life.
- Develop awareness about healthy food habits and hand washing.
- Identify the organs involved in digestion and respiration.
- Recognise the heart as the organ involved in circulation.
- Identify the skeleton as the framework that supports the body.
- Participate confidently in oral discussions related to health and hygiene.

### HINDI

- दोहराई (त - न)
- देखो और लिखो
- दो वर्णों के जोड़ से बने शब्द
- दो वर्णों के जोड़ से बने वाक्य
- पाठ्य पुस्तक और अभ्यास पुस्तक में संबंधित पृष्ठ
- शरीर के अंगों के नाम (मौखिक)
- शब्द कोश (मौखिक)
- कविता (उच्चारण)
- स्वस्थ शरीर वार्तालाप

## **Learning Outcomes**

- Recognise Hindi letters and sounds
- Build basic vocabulary
- Improve listening and speaking skills

## **ART & CRAFT**

- Blowing painting (showing working of lungs)
- Making sense organs with clay
- Making Skeleton

## **Learning Outcomes**

- Enhance creativity and fine motor skill
- Develop sensory awareness and imagination

## **SCINTILLATING SCIENCE EXPERIMENTS**

- Tantalizing your buds
- Olfactory Skills
- Feeling different textures

## **Learning Outcomes**

- Understand the structure and importance of the skeleton.
- Develop creativity and fine motor skills through hands-on activities.
- Explore the sense of taste through simple experiments
- Identify different smells and improve olfactory skills.
- Differentiate between various textures by touch.
- Use their senses to observe and understand the world around them.

## **CELEBRATION**

- Janamashtami

## **LIFE SKILLS AND ACTIVITIES**

- Janmashtami Craft
- Hand Wash Activity
- Clean Living, Bright Future
- Stay Clean. Stay Healthy.
- Health First, Success Next, Healthy Eating Habits
- Life Skill Buttoning of shirt
- Ganesh Chaturthi Craft
- Hindi Diwas
- Fitness Day
- Cooking without fire( Healthy Snacks)
